WHAT MAKES QUICKBOOKS GREAT?

IT'S A VERY USER FRIENDLY SYSTEM

QuickBooks Point of Sale is a simple, powerful retail solution designed to help retailers like you grow and maintain your sales. How can this software help you do this? With QuickBooks POS you get extensive reports from which to make decisions

PRICE TAGS AND BARCODES

QuickBooks generates its own barcodes and customised price tags. Do not use a marker to put prices, classy and get QuickBooks to do that for you. Our price tags can also come with barcodes. This nifty feature means you can scan your items, reduce the time of ringing up a sale and more importantly reduce human error of selling the wrong item

IT'S ALL ABOUT THE CUSTOMERS

“Running a successful business is not only about getting new customers, its about growing customers, so you need to make sure your old customers keep coming back, Fail this and you may as well close up shop and go back home”

Mr Hanif
Manager : Rateways

HOW QUICKBOOKS WILL GROW YOUR SALES

1. **Reward loyal customers, give them loyalty points.** This useful inbuilt function is easy and effective in growing your sales
2. **Talk to your customers.** With QuickBooks email service keep your customers updated on new products and or promotions.
3. **Inbuilt promotions such as buy 2 get 1 free**
4. **Offer your customers coupons**
5. **Use gift certificates**

WHAT'S MULTI-STORE?

If you are running a business with a lot of branches you might have to consider QuickBooks Multi Store. This feature allows you to control up to 20 other remote stores

With Multi Store you:

- Determine the individual sales per shop as well as profitability
- Access stock levels and get updates when stock falls below reorder level
- Transfer stock from one shop to another
- Control pricing and item purchasing centrally.
- Get secure connection and encryption so that no one other than you can access and get reports from any and all your stores
